

“Suite Talk” at Royal Madikwe

One of South Africa’s greatest eco-tourism success stories is the creation of the Madikwe Game Reserve in the North West Province. Over the past 3 decades, this reserve has literally risen from the ashes thanks to “Operation Phoenix” - the largest ever translocation of wild game in the world. Today, an abundance of more than 8000 animals now flourish in this previously barren landscape, including the iconic “Big 5” as well as the endangered African Wild Dogs and Cheetah.

The [Royal Madikwe Luxury Safari Lodge](http://royalmadikwe.com) is the perfect destination from which to explore the reserve - **ideal for independent travellers** looking for an intimate bush experience a little off the beaten track. This Malaria Free Luxury Safari Lodge offers 5 beautifully appointed suites which **can be booked on an individual basis** - including two 2-bedroomed suites which are ideal for families. Exclusive Use of the entire property is available on request.

Exciting news is that in May 2019 the Royal Madikwe will be converting the current 2 bedroomed Emperor Suite, located in the main lodge, to a full gym where guests can enjoy a workout while watching the wildlife pass by on their way to have a drink at the Royal waterhole.

Even more exciting news is that as of 1st May 2019 a NEW luxurious 3-bedroomed family villa will be available for bookings. Set apart from the main lodge, this luxurious “home away from home” is ideal for larger or multigenerational families who wish to escape to a tranquil space. Boasting 3 spacious bedrooms, two bathrooms, a lavish lounge, kitchen, wine cellar and both indoor and outdoor dining spaces as well as a boma, this family villa has it all with extensive wrap around decks adorned with loungers around a private plunge pool and comfortable outdoor seating shaded by Marula tree’s where one can enjoy the sights and sounds of the African bush while herds of Elephants, Buffalo, Zebra’s and more pass by.... To further enhance the intimacy of your family safari experience, this villa comes with a private vehicle and guide.

The rate will be R55,000 per night for the whole villa which sleeps up to 6 guests. For larger families or groups of friends, up to 8 guests can be accommodated using two additional beds. Any additional guests (adults or children) will pay R5,500 per person per night.

The Royal Madikwe is all about responsible tourism and continues to uplift the local community using up to 20% of profits generated, allowing our guests to be a part of our very special journey. For more information visit <https://royalmadikwe.com> or email claire@ethosmarketing.co.uk
