### Outeniqua Golf Course

Outeniqua, named after the mountain range that overlooks the area, is regarded as an easier course than Montague - being more open in appearance, yet it has its share of challenges and risk-and-reward moments. Currently #16 amongst South Africa's best courses as per the 2016 Golf Digest Rankings.

### Montagu Golf Course

Montagu, named after the Montagu pass, was originally designed by Gary Player and is a much celebrated parkland course and has been ranked as the number-one golf course in South Africa in the past. Currently #6 amongst South Africa's best courses as per the 2016 Golf Digest Rankings.

### Links Golf Course

The Links is without doubt the most impressive piece of golf design and construction ever in South Africa. Fancourt owner Dr Hasso Plattner together with Gary Player designed it to be a thorough test for every golfer and it is the only certified Audubon Cooperative Sanctuary in Africa, thanks to its commitment to environmental protection and preservation of golf's heritage. The Links is **South Africa's #1 Golf Course** as per the 2016 Golf Digest Rankings.
