The Spa at Fairlawns Extends its Oasis

[Fairlawns Boutique Hotel and Spa](#), tucked away in the leafy residential outskirts of Sandton, already has numerous awards under its belt for its breath-taking Balinese-style spa with exotic gardens. Now it is set to raise the benchmark yet again – as the hotel has purchased an adjoining property and will be launching its new 920 m2 extension later this year - yet another milestone on the R25-million reinvention journey of this stylish boutique hotel.

Once completed, at an impressive 1.5 acres, it will be the **largest and most exclusive spa and wellness space in all of Johannesburg** - where guests can truly retreat from the daily grind and just unwind, digitally disconnect - and reconnect with nature to revitalise body and soul.

The new extension will include an undercover heated hydro pool, rim flow Jacuzzi, Sentō bath (Japanese style herbal bath), relaxation lounges and salas, a private dining sala for 12 guests, and many other exciting additions such as a couples treatment suite with Swiss shower and double bath and a maze with self-therapy scrubs and jets that guests can enjoy at leisure – and at no additional charge.
