

MAJEKA MAGIC IN THE STELLENBOSCH WINELANDS

Majeka House in the Stellenbosch winelands is a stylish boutique hotel with just 23 rooms tucked away in the leafy suburbs of Stellenbosch. Majeka House's design is thanks to a collaboration of acclaimed interior designer Etienne Hanekom and the owners Karine and Lloyd - winning "Best Design Hotel in Africa & the Middle East" at the Condé Nast Johansens Awards in 2017. It is fabulously quirky with art pieces on the ceilings above the beds, 23 individually themed suites (our personal favourite suite is the flamingo suite!), bright blue loungers dotted around generously to soak up the sun – not to mention Karine's much-loved ornamental pig collection!

Not only is Majeka well located for exploring the Winelands, but locals and tourists come from all over to dine at its restaurant, which has been recently renamed **Majeka Kitchen**.

Here Head Chef Lucas Carstens loves to tantalise the taste buds with his innovative four to seven 'small plates' menu, with optional wine pairing. '**Hyper-local**' is Lucas' current buzzword and he sources almost all of his produce from within a 20-kilometre radius - foraging edible plants, harvesting from the onsite hotel garden, local organic farms and sourcing fresh fish and seafood via the Abalobi initiative to support small-scale local fishermen.

During the day the cool, sophisticated **Majeka Lounge** serves a concise selection of cocktails (try the fynbos mojito!), bar snacks and bistro dishes in the lounge or out on the terrace.

The hotel offers both single and couples treatments rooms at its spa and guests love the heated hydrotherapy indoor swimming pool, jacuzzi, steam room and sauna.
