

New Serengeti Camp: Warangi Ridge Lodge to open in June 2025

Serengeti National Park, Tanzania – The Wilderness Collection in Tanzania will be launching Warangi Ridge Lodge, a brand-new safari camp in the Serengeti National Park on 1 June 2025. It will be the sister lodge to Craters Edge in Ngorongoro, which recently celebrated its first birthday.

Located atop a stunning granite cliff, Warangi Ridge Lodge will offer breathtaking views over the Serengeti's iconic savanna, grasslands and kopjes. Facilities will include a library, lounge bar and restaurant as well as yoga deck, open air gym and spa, all tucked away between the acacia trees, with an infinity pool claiming pride of place.

Luxury under Canvas

The all-inclusive lodge will comprise twenty thoughtfully designed tented suites, inspired by the surrounding landscapes and the endangered pangolin that calls this area home. Each tent will have its own private deck with plunge pool overlooking the sweeping vistas. Nothing beats the sights and sounds of nature when you are sleeping under canvas! Suites pack the wow-factor with sumptuous king-sized beds, free-standing bathtubs and outdoor showers. Families will be comfortably accommodated too, with two two-bedroom suite tents on offer.

A Commitment to Conservation

Located in an area rich in wildlife diversity, guests can expect to encounter some of the Serengeti's most famous residents including lions, leopards, elephants, and cheetahs, along with herds of zebras and wildebeest. Perfectly positioned, right on the migration route, exceptional predator-prey interactions will be a given. The Wilderness Collection team is dedicated to conservation, particularly in protecting the endangered pangolin from poaching. The camp is situated within the Serengeti Cheetah Project study area and the team regularly contributes to vital population research. Additionally, the camp

is located within the TANAPA Research Area, supporting ecological monitoring and sustainable park management.

A variety of activities are offered including day and night game drives, river walks along the Orangi River, specialized bird walks and eco-nature walks. There are also child-friendly activities and treats to engage young guests aged 5-15.

Conveniently located just 41km from the Seronera airstrip, Warangi Ridge Lodge is poised to be the hottest new property in one of Africa's most iconic wildlife destinations! For more information, please visit <https://thewildernesscollection.com>
