

Fairlawns: Decadent Urban Oasis – now with added bubbles!

Probably Johannesburg's best kept secret, [Fairlawns Boutique Hotel and Spa](#) is an exclusive cocoon of pure indulgence – tucked away in extensive gardens, just a stone's throw from Sandton's hub of trendy shops and restaurants.

Now there is even more reason to linger longer before or after your safari - with the addition of its exclusive new champagne bar, MUSE!

Inspired by nature, with striking colours of emerald green and rose gold – MUSE seamlessly combines the vintage feel of Perrier-Jouët's Belle Epoque design elements with contemporary decor. A collaboration with Perrier-Jouët French champagne, and designed by InHouse Architect Design - MUSE also offers a beautiful outdoor Courtyard to relax and enjoy your bubbles beneath the stars.

The cocktail menu includes a delectable variety of designer beverages such as a Champagne Ice Ball, a Banana Colada and an Irish Old Fashioned – complemented by an impressive Casse-Croûte Menu, expertly designed by Executive Head Chef, Tyron Lumley. This menu includes exotic gastronomy, as well as classic favourites with a modern twist, such as Bali Baked Duck Rendang, warm Raclette and a selection of Vol-au-vents.

MUSE is open from noon daily. Take a [virtual tour](#) – and be sure to “wander” outside into the courtyard. Combined with Fairlawns' Balinese-style Spa - you will never want to leave! Images are available [here](#).
