From the inevitable romance of Lake Jozini to the remarkable scenery of the Lebombo mountains, from the wildlife of uMkhuze Game Reserves and the heritage of the Zulu culture to the tranquillity found at the spa, Ghost Mountain Inn promises an experience beyond compare.

Whether you want to relax in the beautiful gardens, try out the spa or book onto a wide selection of excursions, Ghost Mountain Inn has something for everyone.

Children are made especially welcome with a wide variety of special touches made to make them feel right at home. These range from special kids' sheets on the beds, a child friendly menu, a beautiful playground for the younger children as well as a games room with snooker and darts for older kids. Children are welcome to join safaris and boat trips and resident guide Jean will arrange Grubby Bug nature walks for the children, where they go on an 'insect safari' in search of creepy crawlies, frogs and other creatures. Kids will also learn about the Zulu culture and can have fun learning to create Zulu beading and bending wire to make vehicles. They can enjoy fun activities like pizza making and roasting marshmallows around the boma camp fire. In addition they can try their hand at fishing or canoeing off the jetty in front of the lodge whilst looking out for terrapins, water birds and fish. They can learn navigational skills, do a treasure hunt and learn about the stars. A real highlight for many families is visiting and even attending a class at the Mtwazi Combined School to compare notes and learn to stick fight with local Zulu boys! Baby-sitting facilities are available to give parents some down time to enjoy the spa etc. and after all that activity no doubt the younger members of the family will look forward to an early night in!

As a family, couple, group of friends or solo traveller, join the enthusiastic and knowledgeable rangers on a variety of excursions. The flexible programme of activities range from Game Drives or boat cruises and Tiger Fishing on Lake Jozini, to hikes and Zulu Homestead visits. The qualified guides are able to tailor-make itineraries for you. All of the walks are accompanied by guides that are well versed in local history and culture, as well as the fauna and flora of the area. Please request a specialist bird guide if there are birders in the group.
