In February Kenya Airways and Serena Hotels hosted a group of 7 agents on a fam-tastic educational trip to Kenya. The group spent two nights at the ever-popular Serena Beach Resort and Spa on the Kenyan coast with highlights including a cruise on a glass bottomed boat, breakfast on Shanzu beach and a visit to a turtle project. Then they boarded the fantastic new Madaraka Express – the new train service operating between Mombasa and Nairobi. After 3 hours on the train they hopped off mid journey at Mtito Andei for an overnight safari at Kilaguni Serena Safari Lodge in Tsavo where they sipped on sundowners while elephants did the same at the waterhole in front of the lodge and headed out on a game drive, including a stop at Mzima Hot Springs. Then it was up early the next morning for the rest of their train journey - just 3 hours to Nairobi. The trip ended with a night of good food and comfy bed at the Nairobi Serena which is looking fantastic!
